Dear Parent,

Greetings of the Day!

The Board of Directors, Indian Schools in Oman, as part of its new educational and environmental initiative, has introduced a new scheme "Gift a Book, Help the Needy and Save the Environment" which intends to promote the efficient and optimal use of existing resources. The scheme that endorses the ideals; reduce, retain and reuse will teach children to value their textbooks and minimize wastage which would not only benefit the environment but also reduce expenses and help the needy.

The students willing to join the scheme (both donor & user students) must sign a "Student Pledge", to show their commitment to maintain the textbooks clean and tidy and also to reuse the text books.

Gently used text books (Covers and pages intact, clean and unmarked pages) shall be accepted and collected at the end of every academic year. Damaged books (e.g., broken bindings, missing pages, soiled, musty or moldy, excessive writing in the text) or clearly outdated materials will not be accepted.

The details of book collection, to verify the time and place of delivery shall be intimated prior to the closure of the academic year. The donated textbooks shall be issued to students free of charge before the beginning of each new academic year.

The first priority to receive the gifted books would be children from financially challenged backgrounds, followed by children who have themselves been donors. The contribution/eco-friendliness of donor-user students will be acknowledged and recognized through certificates of merit.

Thanks & Regards,
