III Match the following:-

- |                 |   |            |
|-----------------|---|------------|
| 1. Flowers      | — | Seeds      |
| 2. Rainy Season | — | Colourless |
| 3. Water        | — | Sepals     |
| 4. Fruits       | — | Parasol    |

IV. Answer the following questions:

1. What is Revolution of the Earth?

---

---

---

2. What is the main function of roots?

---

---

---

3. What is Astronomy? Name some famous astronomers of India?

---

---

---

---

V. Give Reasons:-

1 Why do seeds need to scatter away from the mother plant?

---

---

---

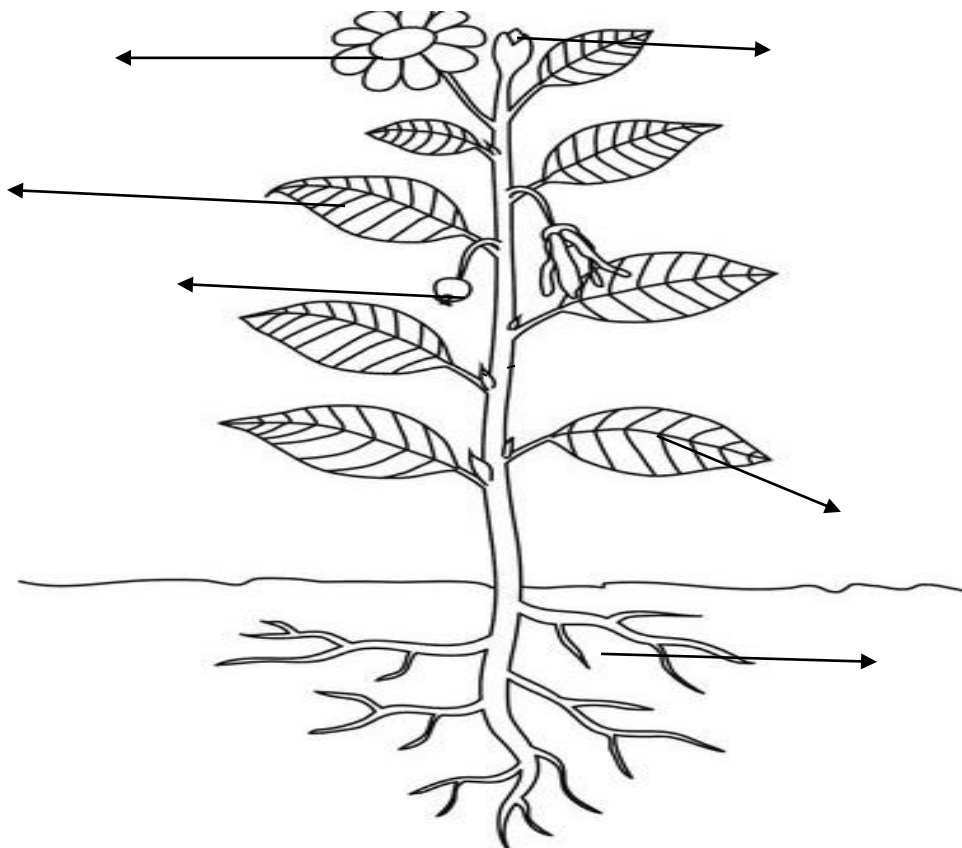

2 Why do we have different seasons?

---

---

---

VII Identify the given diagram and label it:-

---

---

VIII. Label the diagram of Solar system.
