

From,  
Jaikish Pavithran  
President, School Management Committee  
Indian School Darsait

Dear Parents,

Greetings from Indian School Darsait!

At the outset, we are thankful to each one of you for the unstinted support extended to all the school activities which has helped ISD become the most preferred Indian Community School, with over 3000 students and 200 staff. The hard work of our students, the sincerity of our staff, the determination of the School Management Committee, and the continued support of the Parents, other stakeholders, and Omani community have contributed to the stupendous growth of our institution during the last 27 years.

We are glad to assure that our school continues to extend all possible academic and administrative support to the children and parents in these trying times of the **pandemic COVID-19** which has spread all over the world. ISD family requests all parents to follow the guidelines issued from time to time by the Supreme Committee and the Ministry of Health, Sultanate of Oman and take the necessary precautionary measures. As part of these control measures, our school will remain closed until further intimation or announcement from the Ministry of Education.

Considering the need of the hour, ISD is conducting Online Classes for students of **Classes KG II to XII** to help them continue their education from home. We would like to assure parents that all possible support will be extended to students later, in case they lack the facilities at home and are unable to connect through the online platforms.

Furthermore, the SMC has taken the decision to promote all qualified students from KG upto Grade VIII, without taking into consideration the status of fee payment for last academic term/year. The school has always been empathetic to the needs of the parents and has, from time to time, taken measures to ensure that benefits like Fee Concessions and Sponsorship for

Needy Students reach the deserving. Adding to further support to the parents, BOD has waived off the increased fee amount till July 2020.

Since the school is a nonprofit organization, the sole income of the school is fees and 90% of the income has been utilized for the salary and other benefits of the employees. As stakeholders, it is our responsibility to take care our teachers, as per our commitment and the directives of the ministry. We are all going through a difficult time and we believe all the difficulties and stress are also applicable to our teachers like it is for all of us. Hence, we request the beloved parents to cooperate with the school by paying fees monthly as well as clearing the dues, if any, within all your limitations.

If you are facing challenges in accessing these platforms or have any queries related to the classes, you may reach out to the respective class teacher or could connect through following email address:

The School Management Committee, the school administration and teaching faculty are totally committed to extend all the possible support to the parents and students in this difficult situation.

Let us stay connected and work together to overcome the current crisis and we are confident that we will come back strongly within the shortest time possible. Until then, stay at home and maintain social distancing.

Stay Safe & Stay Connected!!

With warm regards,

President – SMC
