CIRCULAR FOR CLASSES VI & IX

CBSE SAFAL - Structured Assessment for Analyzing Learning

Dear Parents

Greetings of the day!

We would like to inform you that as per the guidelines of the Central Board of Secondary Education (CBSE), our school will be participating in the Structured Assessment for Analyzing Learning (SAFAL) for the academic session 2025–26.

About SAFAL:

SAFAL, launched by the Hon'ble Prime Minister of India on 29 July 2021, is a competency-based assessment developed by CBSE to evaluate students' learning progress in alignment with the National Education Policy (NEP) 2020. It aims to assess students' understanding and skills rather than rote learning, focusing on key competencies in various subjects Language, EVS/Science, and Mathematics.

Please note: SAFAL is not a criteria for promotion to the next grade.

SAFAL focuses on understanding concepts, applying knowledge, and problem-solving skills, rather than memorization. It will test basic literacy, numeracy, reasoning, and understanding of core concepts in Language, Mathematics, and EVS/Science.

The SAFAL assessment will focus on evaluating the knowledge and skills acquired in the previous grade. For Class VI, the assessment will be based on Grade V topics, and for Class IX, it will be based on Grade VIII topics. **No prior preparation is required for the SAFAL assessment**, as it is designed to evaluate students' conceptual understanding and learning progress based on their regular classroom learning.

Details:

- SAFAL will be conducted for Grades 6 and 9 this year.
- The assessment will cover the subjects Language, EVS/Science, and Mathematics.
- It will be conducted in digital mode through the SAFAL portal **during the class hours**.

We request parents to encourage their children to sincerely participate in this assessment, as it will help in identifying areas of strength and improvement, and support their overall learning journey. For any further details, you may contact the respective class teachers.

Regards

Amar Srivastava
Principal
