READING COMPREHENSION		
	<p>Read the following paragraph below and answer the following questions:-</p> <p style="text-align: center;">Jane’s School Bag</p> <p>School starts in a week and today is the day we go shopping for school supplies! I told my mom that I didn’t need new supplies this year. I loved my schoolbag from last year because it had a picture of Minion, my favourite cartoon character. I couldn’t wait to get it out and check my supplies. When I pulled out my schoolbag from my cupboard, I was horrified at how dirty it was. Somehow, over the winter, I had forgotten that the schoolbag was not in good shape. A strap was broken, the colour was faded, and the zipper was stuck. There was a dark spot right on Minion’s chin and you could hardly see the Minion. When I looked inside, I found papers that were stuck together from an open glue bottle. I wondered who took the cap off of my glue bottle. There was a library book I borrowed and forgot to return. My markers had escaped from the box and the caps were missing. My lucky pencil was too short to write with anymore. How did this happen? I discovered the dark spot on Minion’s chin was from the cupcake. I packed away from the end-of-the-year picnic. I decided it was time to make my list of new school supplies.</p>	
<p>Q.I</p> <p>1.</p> <p>2.</p>	<p>Write true or false</p> <p>Jane’s lucky pencil looked new and ready to use._____.</p> <p>She borrowed a library book and forgot to return._____.</p>	<p>$\frac{1}{2} \times 2=1$</p>
<p>Q.II</p> <p>1.</p> <p>2.</p>	<p>Fill in the blanks:</p> <p>Jane loved her school bag because it had a picture of _____.</p> <p>The zipper of the bag was_____.</p>	<p>$\frac{1}{2} \times 2=1$</p>
