SECTION – A READING COMPREHENSION

Read the following paragraph below and answer the following questions:-

The Chinese Lantern Festival is celebrated on the 15th day of the first month of Chinese calendar. It is always a full moon light. The night becomes all the more colourful with thousands of lanterns everywhere. Children go to the temples at night carrying paper lanterns. Some lanterns have riddles as decorations, which the children try to solve excitedly.

The lanterns are of various shapes and sizes and beautifully made. They are even made in the shape of animals. The lanterns can symbolize the people letting go for their past selves and getting a new one, which they will let go for next year. On this day, people often prepare and eat the traditional Chinese dish, Yuanxiao (rice balls). The Lantern Festival marks the end of Chinese New Year celebrations.
